

DAVID L. BROWN

David has mentored me throughout a turbulent time. His patience helped guide me into understanding my vision. His expertise and experience did not force me into his vision but helped me define mine. Once he understood my unique circumstances, he helped me create a beautiful business plan. I am truly grateful for his guidance and help—it is invaluable.

Caroline Humberstrom
CEO, Playtime Fitness

Working with Dave in the Northwest Ohio Business Mentoring Program was one of the keys to my companies success. Dave brought a wealth of knowledge and experience to our monthly meetings in which he guided me in the development of my business plan. His consistent commitment allowed me to grow from one to five providers, hire an administrator, and director of marketing. His guidance allowed me to identify a gap in the continuum of care and open a second office space. I would highly recommend Dave's book, consultation, and leadership in business development.

Bethany Dario
CEO, Divergent Dietician
